Motivated Computer & Data Science student at Alexandria University with a strong interest in problem solving. Experienced in data analysis, machine learning, and full-stack development using ASP.NET Core and Angular. Beyond software development, I have a solid foundation in Computer Networking and Operating Systems, with hands-on experience in Linux environments. Passionate about continuous learning and eager to contribute to innovative, real-world projects that bridge the gap between robust infrastructure and intelligent data processing.

Education

Alexandria University

Sep. 2023 – Graduation 2027

Bachelor of Science in Computation and data Science

Alex, Egypt

CGPA: 2.8

Relevant course

- | | | | |
|------------------------|----------------------------|-----------------------|--------------------|
| • Data Science | • OOP | • Machine Learning | • Data Mining |
| • Mathematics | • Probability & statistics | • Database Management | • Cloud Computing |
| • Problem solving | • Web development | • Computer Network | • Operating system |
| • Software engineering | • Data visualization | • System analysis | • |

Machine Learning Internship – National Telecommunication Institute (NTI) (August 2025- september 2025)

Joined NTI as a Machine Learning Trainee, focusing on gaining new skills, working on practical projects, and deepening knowledge in the field of Machine Learning.

Full Stack ASP.NET Backend Development Trainee – DEPI (Digital Egypt Pioneers) (November 2025 – July 2026)

Joined the Rowad Misr initiative for an intensive professional training program focused on full-stack development. Developed technical expertise in **ASP.NET Core backend** architectures while integrating a wide range of professional growth tracks, including:

- **Technical Excellence:** Mastered backend development and explored **Prompt Engineering** to optimize development workflows.
- **Professional Skills:** Acquired essential **Soft Skills**, **Freelancing** strategies, and **Coaching** techniques to navigate the global tech market.
- **Communication:** Enhanced **Business English** proficiency for professional environments and technical documentation.

Projects

- | | |
|---|--------------------------------|
| • Regression & Classification Models | |
| • File Sharing Web App (AWS) | |
| • House Price Prediction (Multiple Linear Regression) | • Crime Data Clustering |
| • KNN Classification | • Breast Cancer Classification |
| | • Personal Portfolio Website |
| • College Website | • Product Rating Prediction |

- Fully Responsive Dynamic Landing Page with Custom CSS Animations
 - The Gender Inequality Index (GII): Data Preprocessing with Python & Visualization with Power BI
 - Medibook: Revolutionizing Clinic Workflows with SignalR Real-Time Notifications & Modular Design
 - Advanced Hospital Analytics: Bridging the Gap Between Patient Care & Financial Outcomes
-

Certifications

- **Introduction to Python** – DataCamp (Completed May 2025)
 - **Intermediate Python** – DataCamp (Completed June 2025)
 - **Data Manipulation with pandas** – DataCamp (Completed June 2025)
 - **AI for Beginners** – HP LIFE (Completed July 2025)
 - **Data Science & Analytics** – HP LIFE (Completed July 2025)
 - **Introduction to Excel** – DataCamp (Completed July 2025)
 - **Introduction to Data Visualization with Seaborn** – DataCamp (Completed July 2025)
 - **Data Preparation in Excel** – DataCamp (Completed July 2025)
 - **Getting Started with Deep Learning** – NVIDIA (Completed September 2025)
 - **Introduction to Statistics in Python** – DataCamp (Completed September 2025)
 - **Machine Learning Summer Training (120 hours)** – NTI (Completed September 2025)
 - Python Data Fundamentals ● Exploratory Data Analysis in Python
 - Power BI Fundamentals ● Introduction to Power BI
 - Introduction to DAX in Power BI ● Data Visualization in Power BI
 - Case Study: Analyzing Customer Churn in Power BI ● Data Preparation in Power BI
 - Data Modeling in Power BI
 - Full Stack Development Training (Arabian Academy)
 - Python Programming Basics (Mahara-Tech / ITI)
-

Leadership / Extracurricular Activities

- Participated in the 3rd Batch Graduation Ceremony at the Faculty, 2025.
 - Volunteered as a member of the HackerRank Student Family at the Faculty, 2024.
-

Languages

- Arabic: Native
- English: Intermediate
